Comments for PSYC226902_2017U_CHILD DEVELOPMENT - Karina Hamamouche

What are the strengths of this course?

Comments
The power points
Use of different media and activities help to keep people engaged because 3 hours at night is a very long time.
extremely well organized, slide shows were excellent, but she also had additional information and didn't just read off the slides, videos selected were super relevant/very interesting
Well organized, very interesting material, great textbook and slides, professor was amazing.
I really liked how enthusiastic Karina was when lecturing. It made the class engaging and more interesting. It was also noticeable that she wants her students to succeed.

How could the instructor improve the course?

Comments
None
It might be helpful to send out the slides before class? I know I like to follow along and it is helpful to be able to refer back to something if I needed to.
I would recommend making the class more interactive instead of just being lectures so that students are more involved.
I would just slow down a bit when explaining studies,sometimes you move so quickly through them that it is hard to retain the information or make sense of it
She did a great job.
N/A
